

NIRJA SAHAY D.A.V PUBLIC SCHOOL, KANKE RANCHI

Name of the Activity : School Visit

Class : LKG

Objective : This kind of visit helps children in learning from the environment. It helps them to explore many new aids of learning. Enables an emotional bonding with the school. Inculcates environmental concerns. Drives them towards technology.

Outcome: A tour to the campus was organised to ensure that the students acclimatized so that they adapt with the teaching learning process. We never know what drives a person crazy and becomes a mode of learning. During this visit we have ensured that the kids learn more and more with high altitude of zeal and enthusiasm. In the due course of the tour the students visited the ICT lab and garden. The sops are likely to be highly beneficial in the coming time.
